- The Town of Teulon is looking for a responsible and reliable student who could assist our staff at the Teulon Rockwood Arena, primarily on some evenings and weekends throughout the hockey season. Duties could include helping with general arena activities, light cleaning and tidying, assisting during games or events, and other appropriate tasks as needed. This would be mainly around the U18AAA Lightening games.

They would ideally like to find a student who is dependable, comfortable working around the public, and interested in working on a somewhat regular basis throughout the winter rather than for a one-time event.

If you are interested, please see Mrs. Meier in the office.
